Registering a new account but your email is attached to an existing account

1. Once in the Portal click the Manage My Account
2. Select Update my details
3. Amend the email in the account you do not wish to keep any longer to a different email
4. Registered the new account with your preferred email address. This step needs to be done before you can register the new account.
5. Once done register as per above
6. If you have any issue please contact us via chat, call or email.

Troubleshooting on registering first time

- The username must be at least 6 characters with letter or numbers but no spaces
- The mobile number must be 10 digits long
- Your magnet account number appears on your invoice
- Check that the email address you have used was not used on a former MyMagnet account.
If so, call the Billing & Collections Team to deactivate your former account.
When deactivated, you can start online registration for your new Magnet account.

- Check that you have filled in all mandatory fields.
- Please note you cannot progress without completing the Terms and Condition (T&Cs) box.
- If you are using the Temporary details emailed on the welcome email these can expire within 10 days or if your first invoice has generated.
- Each Online Instance requires a unique email address. So if you have multiple accounts you cannot use the same email.
- If you complete registration as above find that you have entered an incorrect email for registration, please contact the billing and collections team to amend. So email confirmation can be completed.
